REAL ESTATE

MONEY TO LOAN AT LOWEST RATES

On farm or city property. No delay. Principal payable any time after 1 year

INSURANCE.

If you want to sell, exchange, or buy, farm or city property, my office is the place. Collections promptly attended to

Office with Bissell, up-stairs, S. W. Cor. Square.

—Geo. A. Spaulding's political speeches are mentioned by farmers coming into the Herald office as strong and convincing and without abuse

—The chicken pie supper given by the ladies of the M. E. church in Cumming's new brick a few evenings ago, was well attended and was a pleasant affair.

—Last Saturday evening, Hon. W. H. McBride made a speech at the Court House. Owing to another engagement we did not attend, but we learn he made an able and telling speech.

—When the Rock Island is finished to Colorado Springs and Denver, Phillipsburg will be on one of the best trunk lines of railroad in the entire west, and a division station on that line.

—\$50,000 to loan on farm and city property. No delays. Interest and principal payable at my office. You can pay off the principal any time after one year. C. Twitchell, with Wm. Bissell.

—R. A. Handy, who recently came home ill from Colorado, is rapidly improving. He says he proposes to sell all his numerous lumber yards in Nebraska and concentrate all his property interests in Phillipsburg.

—A very pleasant surprise party was given at the Residence of Mr. and Mrs. Pearson for Mr. L. Binford last Monday evening. Some twenty of the young friends of Mr. Binford helped to make it a very enjoyable affair.

—On Monday, Chas. Dickey of this city was before Chas. Dickey J. P. on a charge made by his wife of abuse coupled with threats against her life. Mr. Dickey put him under bonds of \$100. Afterwards Judge Cole reviewed the case and released him on a writ of habeas corpus.

—J. D. Matteson, Republican candidate for Clerk of the District Court was in town Wednesday. Mr. Matteson will be the next Clerk; he is an old soldier, thoroughly competent to discharge the duties of the office to which he aspires, and was among the first settlers of the county. He will be elected by a good majority.

—Section Foreman O'Brien of this place says he heard the speech in Indianapolis, Indiana, of Gen. Harrison several years ago, in which the democrats say that Gen. Harrison asserted "that \$1.00 per day is enough for a laboring man." Mr. O'Brien says the report alluded to is a slander, that Gen. Harrison said no such thing as reported.

About as near as some papers usually get to the truth is evidenced by the following from the Atchison Champion of Oct. 6th: "Howard A. Royce, a Phillipsburg mimic, killed five pelicans one day recently. They were large birds, measuring from ten to twelve feet from tip to tip." Mr. Royce is cashier of the Trader's Bank of this city and will not feel very highly honored by being called a Phillipsburg mimic."—Chief.

—Next Saturday is the day the second union labor-county convention is to be held which was called for the purpose of forcing D. W. Smedley from the ticket and to fuse the democrats and union laborites according to the swap and dicker agreed upon between Boyd, Fuller and Covington. What glorious reformers are those slick politicians. Now watch their maneuvers next Saturday and the balance of the campaign.

—Mr. H. Sherman of Prairie View authorizes us to say that he will wager his farm, one of the best in the county, and at a low valuation worth 3,000, that Harrison will be the next president. No humbug about this. Any man who desires to risk his ducks on the election of Cleveland, can have the papers drawn binding Mr. Sherman to the agreement, at any time. Here is a golden opportunity for a confident democrat to drop 3,000.

—Long Island Inter-Ocean.

—The Herald folks return thanks to John Johnson for some fine squashes. We have taken them home and will have some old fashioned pumpkin pie manufactured from them. Josh Billings once wrote an article on the subject. He declared that the man who did not like the good old fashioned New England pumpkin pie, "would bear watching, that such a man is by nature a bad man, who would if he had a good chance, commit treason, or jine the pirates for plunder on the hi seas."

—C. A. Lewis in introducing Congressman Turner to his audience last Wednesday remarked that several years ago he was employed in the U. S. land office at Kirwin. One day a young man called and enquired about government land, and said he wanted to take a homestead. He was dressed in the garb of a homesteader, and Mr. Lewis thought he was a cowboy. He was advised to go to Sheridan county and he did, where he took a homestead. He afterwards went to the legislature, and is now our worthy, and able representative in congress.

REAL ESTATE.

PERSONALS.

—Earl Stinson has returned from Iowa.

—Phil Townsley has returned from his Ohio visit.

—Wm. Bissell has returned from the St. Louis Exposition.

—Ray Warden, a former clerk in Winship's store, has gone to Illinois to remain.

—Mrs. E. B. Johnson returned this week from an extended visit to Pella, Iowa.

—Mrs. Wm. Stretton, of this place visits this week friends at her old home, St. Joe, Mo.

—J. Q. Royce, the rustling editor of the Smith Center Bulletin, attended the Turner meeting last Wednesday.

—Mr. Wiltout, of the firm of Wiltout & Reader, took in the Republican Rally at Phillipsburg Wednesday.

—W. H. King, of Buchanan county, Iowa, is here visiting his daughter Mrs. Snogles, residing a few miles north of town.

—John Scott, of Phillipsburg, was visiting friends in the city over Sabbath. We noticed him testing the speed of Judge Farwell's fast horses.

—Mrs. R. A. Dague and son started today for York, Nebraska, to visit friends. Her mother, Mrs. Read, will return with her and remain in Phillipsburg all winter.

—Mr. and Mrs. George Paul and daughter, Miss Maggie, of Smith county, old time Iowa friends, visited Mr. and Mrs. R. A. Dague last Saturday and Sunday.

—Charlie Dobler started for Sacramento, California, last Tuesday morning, where he has negotiated a trade for one of the finest photograph galleries on the coast.—Beloit Gazette.

—Mr. E. L. Prince, of Jamestown, Cloud county, was in Phillipsburg a few days last week visiting his son, who has recently located here. He likes the appearance of our town very much.

—Mr. and Mrs. O. W. Bickford have returned from their visit to friends in Vermont. Mr. Bickford says it rained nearly all the time he was east and he comes back better than ever satisfied with Kansas.

—Up to this time, Geo. Eckles, who advertised for a wife, has received about twenty letters from ladies who wish to marry. Now we suggest that after Mr. Eckles selects one of the candidates for matrimony that he turns the letters from the others over to Doc Carman, Mr. Hobby, Jake Bradley and other lonely and bashful gentlemen of Phillipsburg who are probably too timid to advertise over their own names. By this method, in pooling their interests, they might secure wives and make the cost of advertising to each quite light. We make the suggestion with a kindly spirit, and hope our friendliness will be appreciated by our bachelor friends for whom we have a lively sympathy.

—Mr. D. B. Bailey, who resides in Norton county twenty miles west of Phillipsburg, and who formerly resided in this place, spent a few days here last and this week. He raised a good crop of corn. It will yield about forty bushels to the acre. He says he is thoroughly convinced that the farmers in this part of Kansas as a general thing plant their corn too close together or too many stalks in a hill and too many hills in the field. He says one stock every two feet is enough. This year and every year thinly planted corn did vastly better than where it was too thick. He says too many stalks of corn are as bad as too many sun-flowers.

—J. M. Sallee's speeches are making some of the fusionists angry. Mr. Sallee has for several years been acting with the greenbackers, but he will not affiliate with the party so long as Fuller and Boyd are its leaders. He has no faith in their political fairness. Mr. Sallee was a gallant Union soldier, was seventeen months in rebel prisons, five months of that time in Andersonville and is one of the best citizens of the county, hence his support of the Republican ticket this year has caused a little consternation among the fusion leaders.

—Last Sunday while riding out G. A. Blue, the Tailor, lost his pocket book containing about \$60. and some valuable papers. He circulated some bills on Monday offering a reward of \$10. for the return of the property. At this writing he has not recovered it. He has evidence we learn that a lady from Lincoln, Neb. was seen to pick up a pocket book in the south eastern part of town. She left on Monday. Mr. Blue has written to Lincoln and hopes that he may recover his property but has not yet received a reply.

—See the new advertisement of Chas. H. Turner in this Herald.

A Dastardly Crime.

The east-bound passenger train last night, while passing through a cut about three miles this side of Phillipsburg, was fired into by unknown parties from the banks above. The train was immediately stopped and then backed up to the place where the shooting was done, when several train men jumped off and gave chase to the would be assassins, but failed to catch them. One ball passed through a coach window and threw the shattered glass into a passenger's face cutting it considerably. One woman was so badly scared that she wanted to stop right there on the prairie and it took considerable coaxing and persuasion on the part of the conductor and others to get her to come on east. What should have caused shooting or what object the persons could have had in shooting into the passenger train, no one knows.—Smith Center Pioneer.

We are informed that the impression in the neighborhood where the above mentioned outrage occurred, is that the act was committed by boys, and that it was a stone thrown instead of a shot fired. Whichever it may be it is a serious offense and one that should be punished by severest penalties.

Sudden Death.

William M. King, an old and most highly respected citizen of this county, met with a fatal accident from a runaway team, as he was going home from town last Tuesday, the 9th. His team took fright and his lines breaking, the horses ran into a draw and upset the wagon. He was caught beneath it and received severe internal injuries which caused his death on Friday morning, October 12th. He leaves a wife and two daughters to mourn his loss. He had been a member of the Baptist church for 20 years, and died with composure, expressing complete resignation to his Father's will, and leaving strong testimony to his faith in God's promises. The funeral services were conducted by Rev. W. A. Simmons of this city, at the Hillside school house, and he was then taken to the cemetery near his home for burial followed by a large number of friends who showed deep sympathy for the family, and the high respect in which he was held.

Not long since a man on the Chicago Board of Trade said that he would sell a million bushels of wheat, to be delivered in December, at one dollar a bushel. Another man said that he would take the offer. That was a large transaction. It was a big item of "commerce," or rather it would be if there was any commerce about it. In reality it is big gambling. One man simply bet that wheat would be worth less than a dollar in December and the other bet it would be more. It would make no difference at all to this sort of commerce if every grain of wheat in the world should mysteriously disappear to-morrow, except that the gamblers to put up the price. Neither one of these men will ever handle a bushel of wheat under the terms of this contract. And this is that the Board of Trade is perverted into a gambling den.—Alma (Neb.) Tribune.

—Hon. R. T. Shearer will make the following appointments: Agra, October 23d, Turner Hall.

Crystal Township, Center School House, Oct. 24th.

Arcade Township, Hahnenkratt School House, Oct. 25th.

Deer Creek, Lee School House, Oct. 26th.

Rushville, Lee School House, Oct. 31st.

Marvin, November 2d.

Beaver Township, Nov 3d, Palmer School House.
